

# Art & Sip

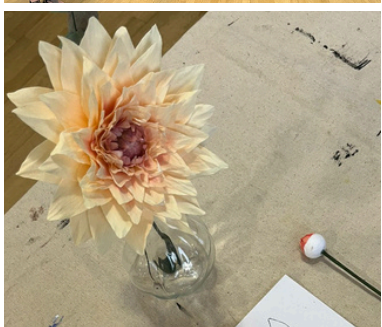

## NEWSLETTER

## Welcome

Issue No. 10! How quickly the months are flying by!

Cherish welcomed September by kicking off the Art & Sip 6-week Art Course. The first two weeks focused on drawing techniques, beginning with everything you need to know about pencil work before moving onto still life drawing. In the second week, Cherish guided everyone through portrait work. Portraits are notoriously challenging, but under Cherish's expert guidance, we think everyone did a fantastic job! We hope you enjoy the rest of the course.

## AUTUMN HAS ARRIVED

Lauren returned with her amazing life like paper floristry, this time with a beautiful autumn theme. The Dahlia creations were stunning, and we hope you continue crafting more blooms at home with your new skills!

Continuing with autumn hues, we recreated James Mackenzie's "Color of Music 2" Piano during an Acrylic Art & Sip session led by Cherish.

We've received several requests to repeat some of the Color of Music workshops. If you missed the original sessions and would like to participate, please vote below for the classes you'd like to see again!

ART WORKSHOPS AT  
CHELMSFORD THEATRE

**Chelmsford  
Theatre**

## AURORA BOREALIS II

23rd September, 19:00, Chelmsford Theatre Studio

We are thrilled to be working with Chelmsford Theatre to bring art to the heart of the City.

This Monday, our very own James Mackenzie, Art & Sip founder and local artist will be hosting the first event recreating his stunning Aurora Borealis II. Click the icon for further information.
